Skating with the youth group from my church.

Praise Reports

I just wanted to thank you all for your prayers. I have been feeling better health wise. I am still struggling with sore muscles and eyes, but I have been getting regular treatment for both, and God has been faithful in getting me through despite these challenges. Also, as most of you know YWAM was approved to get visas for this year. However, please continue to be praying for us because for the future the visa issue between YWAM and the government has not been resolved.

"Know therefore that the Lord you God is God, the faithful God who keeps his covenant and steadfast love with those who love him and keep his commandments, to a thousand generations" Deuteronomy 7: 9
